

Dear Fcc,

I just wanted to tell you about AIR1 and all they do for people.

Air1 is not just a radio station it a they way many people worship and it a an encouragement to all people who have a belief that God does exist.

I believe that God does exist and that he use's Air1 to reach people and if Air1 is taken from the people then alot of disappointment will happen. along with disappointment there will be alot of people looking for a radio station to listen to and if there isnt one like Air1 then some people will just stop listening to the radio all together and me being one of them.

Air1 has been a tool in my church and we use them for such things as they send us information on concerts locally and they also send some of the congregation their verse of the day... I I plead with you to let this station keep on serving the Lord to the standard that they have set for people and help aid them in this endeavor by letting them stay on the AIR...

thank you for taking the time to listen to what I have to say...

God bless you.
